British Columbia Communities in Bloom (BC CiB) was formed as a society to deliver the CiB program and support our volunteers who are specialists in horticulture, parks and recreation and community engagement.

Municipalities from around the province participate in the CiB program to enhance their hometown's unique potential and celebrate their successes.

“In my years of judging and being a board member for British Columbia Communities in Bloom Society, I have met many wonderful, dedicated people who share my love of growing things; and who want their communities to be the best they can be. I have witnessed extraordinary efforts put forth to bring people and groups together to showcase nature in urban environments. The CiB program provides the tools. People make it happen.” Yvette May, Clinton
